Nanogirl Visits Taita Library

We at Hutt City Libraries are fizzing with excitement to have Dr Michelle Dickinson (aka Nanogirl) visiting Taita Library this Saturday (18 August), from 2pm. She will be demonstrating some science experiments using things found in a kitchen, making sure children understand that science is all around them, and signing books.

Nga Mahuri Reroof Project

We have a major building project to begin in September which will see a new roof over the Hall, Administration area and the Nga Mahuri block.

We are meeting with the Project team next week to look at the schedule, Health & Safety and how best to minimise the impact across the school.

There will be a period of time when Rata & Kauri will need to be relocated to another space in the school for a short period of time.

More information will come home closer to the time.
