Tots to Teens magazine is a free community parenting resource for Kiwi families. We focus on positive, well-researched parenting advice to support children's reading, learning, behaviour, nutrition, health, well-being, and resilience. We have distributed 550,000 free magazines nationwide each year to families through schools, preschools, libraries, and Plunket for over 16 years. To help support more New Zealand families, we are now producing Tots to Teens as a free digital magazine, using new technology that ensures an easy-to-read experience for parents, particularly for those parents who read emails using their phone. We want to make it easier for parents to read our helpful articles, and we're doing this by making it simple to share the Tots to Teens digital magazine via an easy link, issue1809w.totstoteens.co.nz
