Recycling SeatSmart Programme

In Lower Hutt parents and caregivers can recycle their damaged, expired or unwanted child car seats through the SeatSmart programme, thus preventing highly recyclable metal and plastic from going to landfill.

The cost to recycle a seat in Lower Hutt is \$15, thanks to a subsidy from the Hutt City Council. Besides keeping seats out of landfill recycling them also helps provide employment for people who have a disability or are disadvantaged or marginalised as some of the dismantling is done by social enterprises.

Lower Hutt has a collection site at Baby on the Move Lower Hutt. For more information please visit www.seatsmart.co.nz
